Sidle up to sea stars

ANYONE lucky enough to interact with a dolphin might describe it as a once-in-a-lifetime feeling or an experience you wouldn't read about.

Well, now you can.

Dolphin Marine Magic is the first animal park in Australia to offer a spectacular book which visitors can customise to include their personal details and pho-

tographs. CEO Paige Sinclair said the book showcases everything visitors already love about Dolphin Marine Magic.

"Visitors can keep the professional photos displayed in our book or choose to replace any of them with their own. What our guests actually create is a fully-personalised memento of their day's ad-

venture," Paige said. Dolphin Marine Magic has enjoyed a number of firsts in its 40 year history and enjoys a reputation as a centre of excellence in marine husbandry, one of the nation's most successful sea-lion breeding facilities and is now the pioneer of an exciting initiative in tourism marketing.

"We were the first park

approached by the Managing Director of the company that patented this technology. The MD of Utter Fiction and his family enjoyed their day at Dolphin Marine Magic so much he promised his daughter a DMM book would be one of the first they'd make.

The personalisable Dolphin Marine Magic book is available at utterfiction.com.
